

**THE 1ST INTERNATIONAL CONFERENCE ON BIOMEDICAL AND SPORTS  
MEDICINE FOR SUPPORTING SDGS 2025**

**(IBISMED 2025)**

**FACULTY OF MEDICINE, UNIVERSITAS NEGERI SURABAYA**

Kampus Unesa 2, Jl. Raya Kampus Unesa, Lidah Wetan, Surabaya 60213

**AUTHOR GUIDELINES**

**1. General Guidelines**

- 1) Authors may submit their work in the form of a full paper. **Full papers** can be submitted as completed and validated research.
- 2) Failure to submit a video presentation or absence during the presentation session will result in automatic cancellation of the submission and exclusion from the proceedings.
- 3) The presenter or participant will enter the room on mute.
- 4) If the presenter's internet connection is unstable for a live presentation, pre-recorded files may be submitted by contacting the committee.

**2. General Requirements**

- 1) Language: Manuscripts must be written in English with proper grammar and spelling.
- 2) Topic: Papers must be relevant to the conference themes and clearly state their scientific contribution, including the addressed problems or domains.
- 3) AI Use: If AI-generated text is utilized, authors must disclose this in the acknowledgements section and cite the AI system used.
- 4) **Double-Blind Review:** To ensure a fair review process, manuscripts must not include any author identification, including personal details, acknowledgements, or other references that may reveal the authors' identity.

**3. Full Paper Guidelines**

- 1) Originality: Only original papers may be submitted. Authors must ensure that their work does not overlap with previously published works or papers submitted to other journals or conferences
- 2) Plagiarism: Papers containing any form of plagiarism will be rejected without review. Authors are also advised to avoid excessive self-citation.
- 3) Format and Length: 10,000–50,000 characters (excluding spaces), including references,

tables, figures, and appendices. Submission must be in Microsoft Word (.doc/.docx) format.

4) **Review Process: All papers will undergo a double-blind review by at least two reviewers.**

Evaluation criteria include relevance, originality, technical quality, significance, and presentation. Reviewers will also provide feedback to help authors improve their papers.
